REAL ESTATE INVESTMENT COMPANIES (REIT's)

Along with the most important investment funds in Corporate Real Estate, we structure your portfolio of assets and real estate projects so that they are welcomed within the umbrella of what we will create as your new “Real Estate Investment Company” (SII), also known as REIT's (Real Estate Investment Trust) within the corporate real estate market.

This will allow you to access a platform where investment funds are usually looking for options where to place their capital, since your SII will have an absolutely formal and transparent structure, in addition to having achieved the registration, authorizations and supervision required by the competent authorities.
